Make the pattern step by step:

1 You can create a pattern by printing out the pdf file
or by drawing it directly on the paper following simple steps.

a Print the pdf file. Cut out the pattern by the marked lines.
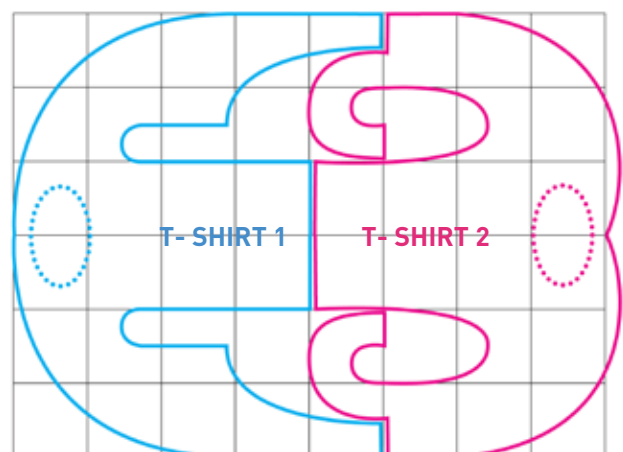

b Draw a špattern

You need a paper, approximately 160 cm lenght, 200 cm wide.
Draw a net/mesh on the paper. Net is divided to squares. the size of the square depends on the size of
the shirt you want to make.

SIZE 38 :   side lenght of a square is   21 cm
SIZE 40 :   side lenght of a square is   22cm
SIZE 42:   side lenght of a square is   23 cm
SIZE 44:   sid lenght of a square is   24 cm

Draw a net of 8 columns and 6 horizontal rows. Than draw a pattern for shirts as seen on the picture.
Cut out the pattern by the marked lines.

Put together step by step:

1 Put one piece of fabric over another and than put on the patterns.
You can ose one colour fabric (a) or use two different colours for back and
front part (b) to get more playful results.
Cut units and transfer dotted markings on the front part of each shirt.

2 Cut out the hole on the front part of both shirts. Follow the dotted line.

3 Stich side seams as seen on the picture (marked with a
blue dashed line) to create sleeves and body of a shirt.
